

Attestation E1-1208

Herewith it is confirmed that in the second half of 2018, performed on 21.08.2018, a regular supervision of the product

Twin Plywood FSF

plywood, birch, aspen, phenol - formaldehyde (PF), laminated
in the thickness range: 12 mm ≤ 24 mm

manufactured by

Syktyvkar Plywood Mill Ltd.
Uchtinskoe ave. 66
167026 Syktyvkar
Russia

was carried out by the approved supervision body (NDS08)

Fraunhofer Institute for Wood Research

Wilhelm-Klauditz-Institut WKI
Bienroder Weg 54E, 38108 Braunschweig, Germany

according to supervision contract no. 1208 dated November 10, 2017. It was found that the requirements on personal and equipment are suitable to produce the product in an adequate way and the factory production control meets the requirements of the "Regulation on the classification and external supervision of wood-based panels regarding formaldehyde emission (DIBt - Guideline 100)" dated June 1994. This attestation is part of the evaluation report. The continuous external supervision of factory production control shall take place twice a year.
